SECOND REQUEST FOR
EXTENSION OF TIME

Hon. Commissioner of Patents and Trademarks
Washington, D. C.

Sir:

Response to the Office Action dated July 21, 1980 is now due on November 21, 1980, a first request for extension having been granted. It is respectfully requested that an extension of one month to December 21, 1980 be granted for the following reason.

Since the last extension of time, a draft amendment was prepared and reviewed by the inventor at a meeting between the inventor and his attorney. It was concluded after the meeting that revisions to the amendment were needed and a new draft has been prepared.

The additional time is needed for the inventor to review the new draft. The technology is both sophisticated and subtle, and it is thus necessary that the inventor have this opportunity for review.

Allowance of this request for time is therefore respectfully requested.

Respectfully submitted,

James W. Potthast
James W. Potthast
Attorney

EXTENSION GRANTED UNTIL

DEC 21 1980

11/21/80
